Continuation of 2. NOTE: The threaded lower r gion being substantially cylindrical would r quir further consideration.

Continuation of 10. Other: Applicant alledges that the examiner failed to address the argument concerning the DeCaro reference from the amendment filed December 4, 2002 in the last Office Action. In respose, the argument was considered and addressed, however since it was dependent upon the understanding of the Hsing reference, no further response was considered necessary. Furthermore, the argument was not fully understood since it was confusing and did not address the issues for which the examiner applied the reference.
